RE: Testimonial – Bed in a Box

Dear Yolandi,

Thank you so much for suggesting to me to purchase the Bed in a Box product in my quest for a suitable product for my Hotel bedrooms.

The quick order – delivery time was also exceptional.

We have placed the Bed in a Box in our bedrooms. Not only does it look fantastic, it also has a multi-purpose function. Initially I purchased it in order for us to have additional sleeping space available for families with children. I have quickly realised that it is much more than just a bed! Our guests use it as another space to sit, to place their luggage on, or even as a table to enjoy their room service. The bed when folded out is so comfortable! My housekeepers have informed me that it is so easy to use, and they have no problem to unfold/ fold it.

Our guests love the product, and when my guests are happy – so am I!

Once again thank you very much! It is worth every penny that we spent on it!

Yours sincerely, -
